Buy While the Buying Is Good

WHO!—WHAT!—WHY!

John Wanamaker certainly started something when he announced a discount on all merchandise. Live stores everywhere have followed his example. We are glad to do our part in this great movement to reduce the high cost of living. These reduced prices from our already low prices means a great saving to you. What is the attraction that brings so many folks to the Keystone? Folks come to the Keystone because "their money goes farther at the Keystone Store."

approval. No goods returnable.

THE KEYSTONE STORE, Danielson's Live Store

DANIELSON AND PUTNAM NEWS

DANIELSON

A gang of at least five chicken thieves
were tried successfully to raid the
coops at the Ray's poultry farm at Elm-
ville, during the early hours of Satur-
day morning. Their first appearance at
the place was just after midnight. Four
of them were near the coops while the
other stood guard near the dwellings on
the place. A tenant on the property
who happened to be awake to care
for a baby in the household, heard the
chickens thieves and gave an alarm that
brought them away.

About 2 o'clock they were back again,
however, apparently intent upon mak-
ing a haul during that particular night,
which was unusually bright from the
light of a nearly full moon. They were
again heard upon their second visit and
again fled away.

It is considered not unlikely that
other attempts to raid the coops may
be made, but it is hoped to be so pre-
pared as to give the thieves a warm
and lasting welcome upon their next ap-
pearances.

At one time several years ago there
were as many as 1000 chickens in the
house at the Ray's place, but the num-
ber is very much lower than that at the
present time.

Trouble created by the power line by
the severe electrical storm that swept
over this section just after 2 o'clock on
Thursday afternoon, forced the clos-
ing down of the big plant of the Con-
necticut Electric Light and Power Com-
pany at the plant in Plainfield. Sev-
eral hundred persons on the day shift at
the plant were temporarily put out of
work and at other plants in town where
electricity is used for power work also
was suspended until the difficulty could
be remedied.

For the first real electrical storm of
the season the one of Thursday after-
noon was particularly severe in this re-
gion. The lightning was very vivid and
loud and the rain of the storm was
not heavy. Up to late afternoon no re-
ports of buildings struck came in from
the surrounding territory.

Goodyear and points thereabout felt
the storm less than did Danielson and
points to the south. At one period of
the storm the very center of it seemed
to be right over Danielson and the crash
of thunder was constant.

Lightning that tore a hole in the high
tension line carrying power from Plain-
field to Danielson, apart, on the Green
Hollow road, caused the shutting off of
power, which was not out from 4:30
p. m. Everything was running nor-
mally here, so far as electric power was
concerned, late in the afternoon.

Victor Blackmer, who came here re-
cently from Belchertown, Mass., to be-
come the principal of the Danielson
graded school, succeeding Principal John
Lusk, who resigned to take a position
with the Danielson Trust Co. & Co., is to
leave here at the close of the present
school year. Mr. Blackmer will go to
the Balfour Avenue school in Danbury,
regarded as a very desirable position.
During the brief period that Mr. Black-
mer has been connected with the Daniel-
son school his worth as a teacher has
been well established. As yet no suc-
cessor to Mr. Blackmer here has been de-
cided upon.

It was announced Thursday that all
the graduates of eighth grades in schools
in the town of Killingly will participate
in a formal graduation program to be
carried out in the town hall here, Tues-
day, June 15. The graduating exer-
cises will combine the annual musical
concert which has been given in May of
each year with other exercises and di-
plomas will be presented the graduates,
who will represent schools in Daniel-
son, Danville, Goodyear, Attagayuan,
Balloville, East Killingly and other
parts of the town. This graduation is
to be open to the public and it is ex-
pected that it will attract many of the
natives and friends of the young people
who have completed the work in the
grammar schools of the town.

Thursday afternoon at the home of
his parents, there was a funeral service
conducted by Rev. M. B. Stocking of the
Methodist church for Robert W. Neal, 2
years, son of Mr. and Mrs. Russell Neal.
Burial was in Westfield cemetery. The
bearers were John Moran, Jr., Ruppert
Vincent, Raymond Jolie and Emil Auger.
L. E. Kennedy was in charge of the fu-
neral arrangements.

Measles, complicated with pneumonia,
caused the death of Charles Ampon-
poulos, 17, a resident in the Greek col-
ony on the West Side. The young man,
who was a native of Greece, had been
ill but seven days. The body was
taken in charge by Undertaker Louis E.
Kennedy.

A car of the Connecticut company left
the rails during Thursday afternoon on
the run between Danielson and Central
Village. It is believed that gravel or
other such obstruction was responsible
for setting the wheels off the iron and
throwing the cars off their regular run-
ning schedule for a time.

At his home on Broad street, Thurs-
day afternoon at 1 o'clock, a funeral ser-
vice for Frederick Princeton, who died
Tuesday, was conducted by Rev. J. T.

PUTNAM

The report of Captain J. H. Bulger for
May shows that there were twelve ar-
rests in Putnam during that period.
Gambling and disorderly conduct were
responsible for getting at least half the num-
ber into trouble. Four of the arrests
were on gambling charges, two for in-
toxication, two for disorderly conduct,
one for vagrancy charges, two on an as-
sault charge and one for breaking and
entering.

Thunder storms swept over this sec-
tion of the country early Thursday af-
ternoon, bringing the final touch of real
summer weather to the first days of
June. The storm was not as severe in
this immediate vicinity as in some of the
towns just to the south. The usual
difficulties with wires were experienced
in greater or lesser degree as the result
of the electrical disturbance.

A steam roller was at work in Grove
street Thursday morning rolling down the crushed
stone that has been distributed there
in the effort to repair a section of street
surface that had become fairly pitted
with holes. The job now being done
promises to be good one and will do
away with the last piece of poor street
surface on any of the main gateways to
the city.

There are 5560 members of the Colum-
bia Athletic club of Danbury, from which
the K. of C. team that is to play
Tom McDermott's North Grovesville
team next Sunday have been selected.
The visiting team is an all star aggrega-
tion and has been attracting attention in
the Boston territory.

At St. Joseph's church in North Groves-
ville Sunday next there will be an
observance of Corpus Christi. All of the
societies of the church will participate in
the solemn procession of the Blessed Sacrament.

In all of the Catholic churches in this
part of the county a triduum in honor of
the Blessed Sacrament will begin today
(Friday), closing on Sunday.

Raceball teams representing two big
tire fabric manufacturing concerns in
this district—the Manhasset of this city
team next Sunday have been selected.
—will meet in a contest scheduled to be
among the games played the coming week
end.

There is interest among the trolley
men and others here as to whether any
of the one-man cars that have arrived
at Norwich will be sent into this ter-
ritory. The number of such cars has been
talked out in the past as one means of
helping out the income situation of the
Putnam division. It was said here on
Thursday that there is a possibility of
one of the cars being given a tryout on
the Moosup-Central Village line.

Attention is being called with the open-
ing of the warm weather season, to the
fact that both swimming and fishing in
Alexander's lake, a favorite resort for
Putnam people are forbidden. The wa-
ters of the lake are now used to supply
the people of the village of Goodyear,
and a special act of the legislature gives
this lake the same protection against
pollution as is accorded all bodies of
waters within the state that are used
as reservoirs to store water for domestic
purposes. Last year a number of people
disregarded the bathing restrictions,
and a few the fishing, but both will be
rigidly enforced this year.

There appears to be some discourag-
ement among the retail clerks of the city
Thursday over their prospect of get-
ting half-holidays during the present

month. Though the petition of the clerks
for half holidays during June bears
many signatures, it is understood that
there is opposition to the plan upon the
part of some of the merchants. The
clerk's union and the teachers' union
of the summer, as has been the case for several
years past, these weekly free half-days
beginning in July.

While no definite announcements have
been made it is quite generally understood
in educational circles in this city that
some of the most important members of
the town's teaching organization are now en-
gaged in their work here during the
present month, which brings the end of
the school year. Instructors that have
planned to go away have been attracted
by offers of more important positions
and higher salaries.

Early interest in Chautauqua, which
is now at hand, indicates that it will be
the same success during the 1920 season
as has been the rule during the past
few years. Preliminary arrangements
for the Chautauqua period are now be-
ing made by the committees here that
will have the matter in charge.

Miss of Esmereida Macdonald, who is
a teacher in New York, is here with
her parents, Senator and Mrs. Archibald
Macdonald.

Allied Gilbo of Keene, N. H., for-
merly employed at the store of George E.
Shaw here, has been visiting with friends
in this city.

Both crews of the state entomological
department are now engaged
with spraying work in this section.
One big spraying outfit is mounted
on a motor truck.

John Daise entered the Day Kimball
hospital here Thursday for treatment.

Friends here regret to learn that
State Policeman Howard Elliott is to
submit to a surgical operation for the
removal of one eye. During the Civil
war left in the town of Union—George
Thayer—who was the most prominent
figure in the Memorial day observances
in that town.

Next week will be the final week of
school for the elementary schools of the
town of Putnam. The closing exercises
for these schools are scheduled for the
middle of the third week in June.

A special programme of athletic
events in connection with the annual field
day of Woodstock Academy are to be

run off next Saturday.
Mr. and Mrs. John Redhead of Wood-
stock recently celebrated their golden
wedding anniversary at their home in
that town.

A memorial service for Pomfret school
men who gave their lives in the world
war was held at the Memorial chapel at
the school.

WILSONVILLE

Miss Anna Krulish, who has been visit-
ing her aunt and family, returned to
her home in New York Saturday last.

Mr. and Mrs. John Redhead of Wood-
stock recently celebrated their golden
wedding anniversary at their home in
that town.

A memorial service for Pomfret school
men who gave their lives in the world
war was held at the Memorial chapel at
the school.

Miss of Esmereida Macdonald, who is
a teacher in New York, is here with
her parents, Senator and Mrs. Archibald

ICE

It is now time to have your Refrigera-
tor filled with ice and food. So get
it ready and we will furnish you Mon-
day, Wednesday, Friday and Saturday.
Please have refrigerator ready so not
to delay the drivers. Ice will be sold
for cash or coupons. The price is six-
ty (60) cents per hundred pounds. We
furnish you a coupon book calling for
500 lbs. for three dollars.

It is most impossible for us to make
deliveries at regular times at present,
as customers are coming on all the
time, so if you are not going to be at
home please make arrangements with
the driver whereby he may get to the
refrigerator, deliver the ice and receive
cash or coupons for the amount of ice
left.

If the Service is satisfactory tell others,
if not tell me.

ROCKVILLE
Memorial day was observed here Sun-
day with services beginning at 10 a. m. at
the Seventh Day Baptist church, with
music by the Hope Valley band, an ad-
dress by Rev. D. B. Coon of Ashaway, a
cornet solo by Frank M. Hill and sing-
ing by the choir. Later the band, headed
by the band, marched to the Rockville
cemetery, where the graves of veterans
were decorated, a potted geranium being
placed on each.

Mr. and Mrs. William E. Hammond at a
daughter Ruth of Wickford were guests
over Memorial day of Mr. and Mrs. Car-
ton. In the afternoon a number from this place attended
Memorial day services at Ashaway Sun-
day afternoon, at which time a beautiful
flag, given by Mrs. George of Hope
Valley in honor of her son, Edwin
Greene, was formally presented Gerden-
Greene post of the American Legion.

MARRIED.
